I feel the answer is not to police the junction but to replace the junction with a roundabout which would then give cyclists right of way most of the time and mean they do not need to stop.

(I believe this is the responsibility of the home owners association.) The ditch still leaks into my pond and should be closed off. Some road parkways areas are overgrown with branches overhanging the road at the East side of Telegraph near Valley Road and the North, East, and West side of Stirling by the school. These are unsightly and in the case of Stirling unsafe because you cannot see an approaching car
