Comments		
Deer are on my property everyday, but I actually like seeing them.		Not a problem
I love living where I can see these beautiful creatures		moved in august 1, 2015 - see deer almost every other day - usually 4
Don't always see them, but see the tracks and they keep knocking over my wood pile.		the presense of deer does not bother me. It's part of living in open space
I love seeing the deer		Deer have a "cut-through" path in the woods. Occassionally they come on to the grass.
I have deer on my property almost every day. They eat the ground cover right next to my house and they eat the plants in the front yard. They also leave hoof prints and drop feces.		Usually 3-4 deer, just walking from north to south looking for something to eat
While we are away from home far more than a week, they seem to come more often because of no dog smell		every once in a while 2 or 3 does and a buck or two - no damage done
What constitutes a herd? On 2/22, 4 femailes were walking on my rear laion. I have lost count, howerver, they can be elisuve but they can be tracked by their hoof prints		A herd of deer live in our backyard. Destructive of plants!! Culling is badly needed
I have seen a lot of coyotes this year 5 or 6 times in my yard		
we cover trees, but they rubbed on the covers		

Number of Observed Effects of Deer on Residents Property (total from survey)						
No evidence	Deer rubbed antlers on vegetation	Ate vegetation	Dropped feces	Left hoof prints	Other	Other (please specify)
10	12	27	26	34	1	See comments

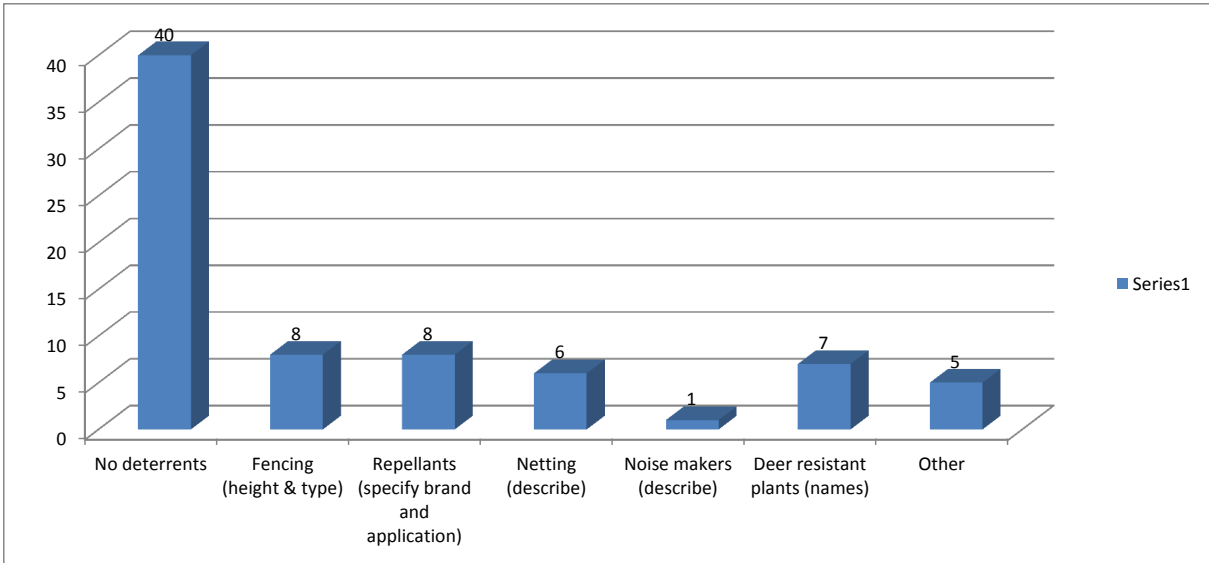

Comments	this is only a minor annoyance for me.
	I have no complaints.
	My son Michael helpe me to eonclose my three young magnolia trees in cages so we have thwarted their attempt to feast on my young bark

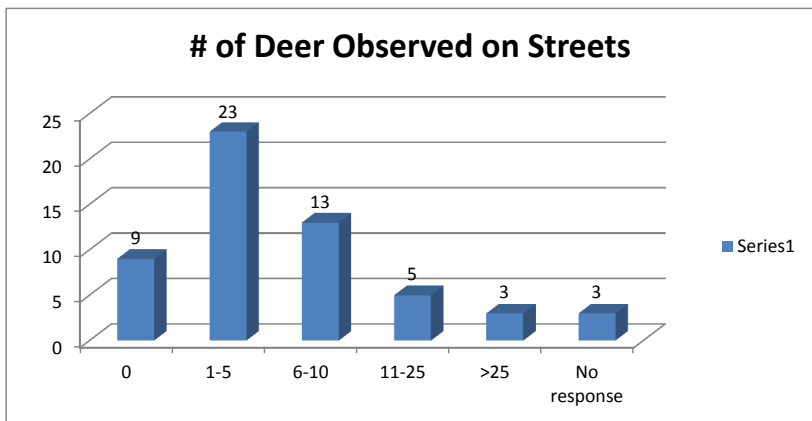

How does deer activity on your property compare to last year?					
Decreased substantially	Decreased a little	Same	Increased a little	Increased Substantially	Don't Know
3	6	27	10	3	6

The following deterrents to deer activity were used on the property						
No deterrents	Fencing (height & type)	Repellants (specify brand and application)	Netting (describe)	Noise makers (describe)	Deer resistant plants (names)	Other
40	8	8	6	1	7	5
