February 1, 2019

Dear President Rothing, Police Commissioner Boyle and Board of Trustees:

On behalf of the members of the Bannockburn Police Department, I am pleased to submit our Annual Report for 2018. This report describes the enforcement actions taken by your police officers, the assisting of and participation in Village of Bannockburn events, and the service areas developed to assist our Village residents.

With our continued efforts to control the crime rate, Bannockburn remains one of the safest communities in Illinois. The department will continue its efforts to increase visible patrolling, especially in the more susceptible crime areas.

Training remains a high priority in the department. The officers continue to be well trained, educated professionals who serve the residents of Bannockburn with pride and integrity. In 2018, the department was able to provide 921 hours of training to our officers.

The department remains committed to implementing programs and ideas that will make us more effective and accessible to the residents who we serve. Although we are small, our size does not limit our vision to be the best that we can be.

Thank you, President Rothing, Police Commissioner Boyle and Board of Trustees, for your continued support of the Law Enforcement Services in our Village.

Sincerely,

Ronald D. Price

K-9 ODIN
Bannockburn Police Canine Odin

Officer Dave Lemmer, together with his canine partner Odin, works the midnight shift each night in Bannockburn. Odin is Officer Lemmer’s back up and assists in the daily duties, which include residential security, business and office complex security in the Village of Bannockburn. Odin provides protection for Officer Lemmer and conducts nightly foot patrols at the Bannockburn Green Retail Center.

In 2018, K-9 Odin assisted in the execution of a search warrant that recovered $4,385, 417 grams on cannabis, 202 grams of cannabis wax, 30 cannabis vape cartridges, and 3 dipped cigars. Odin assisted on a traffic stop and conducted a free air sniff of the vehicle which resulted in the location of 14 grams of cannabis, a bong, a smoking pipe, and a grinder. Odin also assisted at the scene of a vehicle accident where the driver fled the vehicle before officers arrived. Odin tracked through a wooded area and a residential area to locate the injured and intoxicated driver.

SIGNIFICANT CASES
Theft

On Thursday, June 14, 2018, Sergeant Dennis Sears and Officer Walt Trillhaase responded to the Mariano’s Grocery Store for a retail theft in progress. Sgt. Sears and Officer Trillhaase immediately recognized the suspect as he had been arrested in May at the same location. The suspect was caught taking several hundred dollars worth of liquor from the store without paying for it. He was arrested and transported to the Lake County Jail. The suspect is a heroin addict and has an extensive criminal background. He will be going back to prison.
Unlawful Use of a Weapon

On Sunday, July 22, 2018, Officer Walt Trillhaase was dispatched to the Shell gas station for a possible car fire. As he arrived at the scene, he observed a blue Ford Mustang in the lot. The driver was out of the vehicle and there was smoke coming from the driver’s door area. Officer Trillhaase obtained the driver’s information and plate number and ran a check through the computer system. He learned that the driver had an extensive criminal history and was affiliated with the Gangster Disciples. After returning to his squad car, Officer Trillhaase learned that the plate he had run minutes before was now showing that the vehicle had been stolen from Chicago. The driver was placed under arrest and searched. In the driver’s backpack, Officer Trillhaase found a Ruger 22 cal. pistol, for which the driver did not have a FOID card.
Stolen Auto

On Sunday, October 21, 2018, at approximately 9:54 PM, Lieutenant George Roberts observed a vehicle operating, without headlights, eastbound on Route 22. Lt. Roberts ran the license plate on the vehicle and learned it had been reported stolen from Chicago. Lt. Roberts followed the vehicle and watched it turn into the Bannockburn Lake Office Plaza parking lot. The vehicle left the roadway and stopped just inside the tree line. Two males jumped out and took off running. Lt. Roberts was able to apprehend one suspect near the entrance of the 2333 Building. The other suspect was caught by an assisting Lake Forest Officer near the Deerfield High School.
Counterfeit Bills

On Monday, October 29, 2018, Officer Robert Ogden responded to a suspicious person trying to pass an odd looking $100.00 bill at Bentley’s Pet Store in the Bannockburn Green Shopping Center. Officer Ogden located a vehicle based on a description from the employee who denied the purchase. Officer Ogden then observed a tall male running from the Heinen’s grocery store across the parking lot. He caught up to him and ordered him to stop. The suspect was handcuffed and placed into Officer Ogden’s squad car. The suspect was transported to the Deerfield Police Department. Officer Ogden contacted the Chicago branch of the Secret Service. A Secret Service Agent responded to the Deerfield Police Department and interviewed the suspect. Upon interrogation of the suspect, the Agent learned that the suspect has been using a process of “washing” $10.00 bills and reprinting them with $100 denominations.

On Friday, April 27, 2018, the Bannockburn Police Department and Village Staff members took part in the annual Arbor Day tree planting. Sergeant Sears discussed some common signs to tell if someone is lying, including eye contact and body language. He also discussed when to contact the police and what to do and say until the police arrive. The staff found the presentation very helpful and informative.

On Monday, September 3, 2018, after experiencing heavy rains two days earlier, the Village was hit with several more inches of rain. According to local rain gauges, we had 6 inches of rain in Bannockburn in less than 48 hours, which caused a few areas to flood. To prepare for the storms, the Police Department cleared the storm drains over the weekend. On Monday, however, some of the drains had become clogged again with debris and our contractor, SE Inc. was called out to assist. The crews were able to remove debris and clear our streets after this massive storm. We were fortunate that the Metra culvert had just been cleaned as Chief Ron Price had contacted Metra crews the week before to make them aware of the overgrowth.

This year, the money went towards upgrading our body camera system.
Bannockburn Bicycle Safety Enforcement Grant

On Wednesday, June 20, 2018, officers from the Bannockburn Police Department conducted selective traffic enforcement which is a part of the State of Illinois “Ride Illinois” grant program. This safety program requires officers to complete an online training course, create a bicycle citation diversion program, and then conduct enforcement activity. The Department completed all three phases and submitted the paperwork for the grant award, which could be as much as $1,700.00 for the Village. Sergeant Dennis Sears worked on this project for 3 months.

Police and Fire Chiefs Breakfast

On Friday, October 12, 2018, Chief Ron Price hosted the annual Lake County Police/Fire Chiefs breakfast at the White Deer Run in Vernon Hills, IL. Chief Price currently serves as the liaison between the two groups and it is one of his responsibilities to bring the two groups together. Each month, he meets with the chiefs separately and brings forth any issues in Lake County. This breakfast brings first responders together in solidarity and reinforces the bond between the two organizations. This year, Chief Price arranged for a group of Stevenson High School students to talk about the dangers of legalizing marijuana. This is an issue that could cause potential problems for police and fire departments in Illinois if it becomes legalized. The students brought up some great points and did a fantastic job in educating the group on their viewpoint. The chiefs were thrilled with the presentation and the attitude of the students.

2018 STATISTICS
Understanding the “Crime Index”

The Crime Index is used to indicate the amount and extent of Violent Crimes and Property Crimes, in a given jurisdiction, as defined by the International Association of Chiefs of Police Committee on Uniform Crime Reports (UCR). Police departments throughout the United States report on eight crime areas: four categories of Violent Crimes and four categories of Property Crimes.

**Violent Crimes**
- Murder
- Criminal Sexual Assault
- Robbery
- Aggravated Assault/Battery

**Property Crimes**
- Burglary
- Theft
- Vehicle Theft
- Arson

The Crime Index is the total number of indexed offenses occurring within a given jurisdiction during a specified period of time. In 2018, Bannockburn had a crime index of 28. Below is a list of Lake County communities and their Crime Index.

We feel the response time category is an important area on which to report. For the most part, the Department continues to consistently respond to emergency calls in under three minutes.

The following calls would be considered emergency calls:

- Accident with injuries
- Ambulance calls (medical emergencies)
- Fire calls
- Any in-progress call
- Burglar & Panic Alarms

In 2018, the average response time for all other service calls was 4.40 minutes.

Enforcement Activity

In 2011, the Department implemented a Compliance ticket as a way to issue a citation for minor violations that would often times be dismissed by a judge in court or, because of the high fine associated with the charge, an officer would not issue a ticket. Compliance tickets cover minor infractions such as tinted driver’s window, seat belts, one headlight, cell phone use, etc.

The officers issue written warnings for minor infractions such as failure to use a turn signal or for other less serious violations. Since our system changed in 2011, the officers are able to use this third option when stopping a vehicle for a traffic violation in the Village of Bannockburn.
Racial Profiling

The Bannockburn Police Department expressly prohibits racial profiling and other biased-based policing.

Since 2004, all Law Enforcement Agencies in Illinois are mandated to keep statistical data on every vehicle that is stopped for a traffic violation. The Illinois Department of Transportation is responsible for collecting and compiling the data and results can be found on their website www.dot.il.gov. Regardless of the outcome (verbal warning, written warning or traffic ticket), a “Traffic Stop Data Sheet” is required to be completed. The state mandated program resulted in extra time officers spent completing a traffic stop and additional time by records personnel to input the data into a special computer program.

An important word to understand when looking at traffic stop data is “benchmark.” A benchmark is terminology used by the Illinois Department of Transportation and Northwestern University to describe the acceptable level of minorities being stopped by a community. In the Village of Bannockburn, a 30.58% benchmark was established by Lake County. Of all the vehicle drivers stopped in 2018 by the Bannockburn Police Department, 25.5% were minorities. The breakdown is as follows.

- Caucasian (74.50%)
- Hispanic (10.94%)
- African American (7.10%)
- Asian (6.80%)
- Hawaiian/Other Pacific Islander (0.66%)

The Department has a pro-active plan to ensure initiatives are in place to prevent racial profiling:

- Anti-Racial profiling policy
- Process for investigating citizen complaints
- Process for investigating officer complaints
- Training which includes:
  - Cultural diversity
  - Racial profiling
  - Traffic stop protocols
  - Review of Illinois Supreme Court Decisions
2018 MEMBERSHIPS
Multi-Agency Memberships

Both large and small police departments pull resources and manpower together in an effort to provide their citizens with the best service possible. This cooperation allows for help, when needed, that would otherwise not be affordable by a single agency. The Bannockburn Police Department belongs to, and participates in, the following memberships:

Major Crash Assistance Team (MCAT)

MCAT was established by an Inter-Governmental Agreement in July, 2004. The Agreement reads in part: “In recognition of the fact the efficient investigation of serious traffic crashes is enhanced when agencies have access to the resources and support of other agencies. Further, it is recognized that a primary goal in the investigation of serious traffic crashes is to establish an accurate record of the factors and conditions leading up to the traffic crash.” Chief Ron Price is currently serving as President on the Executive Board of MCAT. There are 29 contributing agencies and 6 non-contributing agencies involved in MCAT. In 2018, the team handled 40 major crashes in Lake County.
**Lake County Major Crimes Task Force (LCMCTF)**

During the calendar year of 2018, Officer Robert Ogden worked as an Evidence Technician with the Lake County Major Crimes Task Force, and assisted the following Lake County Illinois Police Departments with their cases.

Lake County Metropolitan Enforcement Group (LCMEG)

The Illinois Intergovernmental Drug Laws Enforcement Act authorizes the establishment of Metropolitan Enforcement Groups to promote cooperation and increase efficiency in the enforcement of drug laws among units of local government. LCMEG helps to keep drugs out of the Village of Bannockburn. The group also makes the following services available to member agencies:

- Drug training
- Drug presentations
- Free drug testing kits for parents
- Equipment (undercover vehicles)
- Drug arrest assistance

Illinois Law Enforcement Alarm System (ILEAS)

ILEAS was established by an Inter-Governmental Agreement in January of 2003. ILEAS is a product of the Illinois Terrorism Task Force of the Illinois Association of Chiefs of Police and is intended to provide a mutual aid system for all law enforcement agencies operating within Illinois. ILEAS is designed to provide law enforcement assistance to communities during any emergency condition and is not limited to acts of terrorism. ILEAS was modeled after NIPAS, except that ILEAS applies to all Illinois Law Enforcement Agencies (county, state, federal, university, and railroad). NIPAS is limited to local municipal law enforcement agencies.
Northern Illinois Police Alarm System (NIPAS)

NIPAS was established by an Inter-Governmental Service Agreement in 1983. The specific intent of this agreement is to permit the police departments of each community to more fully safeguard the lives, persons, and property of all citizens. The NIPAS Car Plan and Emergency Services Team (EST) is the largest multi-agency SWAT Team in the Country. The team consists of 100 police officers that can handle any tactical situation or high-risk incident. Officer Patricia McConnell, a NIPAS Hostage Negotiator, assisted the following Northern Illinois Police Departments with the following cases.

Northeastern Illinois Regional Crime Laboratory (NIRCL)

Membership with the NIRCL was established in May of 1987 by an Inter-Governmental Agreement. The agreement was updated in 2007 and the crime lab moved from Highland Park to Vernon Hills. The crime lab performs numerous services for the Bannockburn Police Department:

- Process fingerprints
- Process DUI kits
- Chemistry tests to establish drug identification
- Destroy firearms and drugs
- Handwriting analysis and comparison
- Assist at crime scenes

East Shore Radio Network (ESRN)

The ESRN was established by an Inter-Governmental Service Agreement in September of 1971. Members of the network include Deerfield, Highland Park, Lake Forest, Riverwoods, Highwood, and Lake Bluff. These communities share the same police radio frequency. The governing board consists of the Chief of Police from each member department. The network provides purchase efficiency for radio, telephone, and computer equipment.
Lake County Emergency Management

During the past year, our Emergency Services and Disaster Agency (ESDA) Coordinator, Trustee James Boyle, attended monthly meetings with the Lake County Emergency Management team. This group has representatives from all of the Lake County municipalities. Trustee Boyle also attended seminars and training scenarios in the area of Emergency Management.
